CAREER OBJECTIVE

A motivated individual seeking an entry-level role in the software field to gain practical experience, apply learned technical concepts, and expand my skillset through hands-on involvement in real-world software development processes.

MYWORKS (MINI PROJECT)

Login Validation:

– **Technologies Used:** Java Servlets, HTML, Apache Tomcat

–**Description:** Developed a simple web-based login system using Java EE. Used HTML forms to capture user credentials, and Java Servlets to validate them with hardcoded data. Implemented basic session handling to maintain login state.

Basic PIN Validator

–**Technologies:** Java, Exception Handling

–**Description:** A console-based ATM simulation system.

Handled PIN validation and transactions using exception handling.

EDUCATIONAL QUALIFICATION

– **G Pulla Reddy Engineering College**

2021-2025

Board Of Education :JNTUA

Overall CGPA:8.41

Department of Electronics and Communications

TECHNICAL SKILLS

– C, Java, SQL

–HTML, CSS

–Core java, Advance java(JDBC,JEE,JSP), Data structures and Algorithms (basics)

CO/EXTRA-CIRRICULAR

–Member of IEEE .

–Class Committee member in 3rd year of btech (2023-2024).

CERTIFICATIONS

– Certified on Web technologies and java by jspiders.

– Secured NPTEL certificate on the courser Industry 4.0 with an aggregate of 63
